```
var counterElement = document.getElementById("counterText");

var incrementBtn = document.getElementById("increment");
var decrementBtn = document.getElementById("decrement");
var resetBtn = document.getElementById("reset");

var counter = counterElement.innerText;

function increment() {
    if(counter<0){
        console.log('Error:cannot go below 0');
        texterror.innerHTML = "<span style='color:red;'>Error : Cannot go below 0
</span>"

    }
    if(counter>=0)
    {
        texterror.innerHTML = "<span style='color:black;'></span>"
    }
    counter++;

    if(counter>=0)
    {
        console.log(counter);

        counterElement.innerText = counter;
    }
}

function decrement() {
    if(counter<=-1){
        console.log('Error:cannot go below 0');
        texterror.innerHTML = "<span style='color:red;'>Error : Cannot go below 0
</span>"

    }
    if(counter>=0)
    {
        texterror.innerHTML = "<span style='color:black;'></span>"
    }
    counter--;
    if(counter>=0)
```

```
{
  console.log(counter);

  counterElement.innerText = counter;
}

}

function reset() {
  if(counter<0){
    console.log('Error:cannot go below 0');
    texterror.innerHTML = "<span style='color:red;'>Error : Cannot go below 0
</span>"

  }
  if(counter>=0)
  {
    texterror.innerHTML = "<span style='color:black;'></span>"
  }
  counter = 0;
  console.log(counter);
  counterElement.innerText = counter;
}

incrementBtn.onclick = increment;
decrementBtn.onclick = decrement;
resetBtn.onclick = reset;
```
